**PROJECT FOCUS PREFERENCES**

This is your chance to help choose the focus for your on-site leadership development training. Please prayerfully consider the type of service you might prefer. See separate information for a more detailed outline of the Women's Board vision for giving students experience in specific ministries of interest. The following focus areas will be offered only if churches apply for a type of project. The focus area will NOT necessarily be the ONLY thing you do while on project, but churches will have applied and asked for this type of project.

MISSIONS: We plan to continue to partner with the Missionary Society to offer an international missions project. The Missions project is available only to veterans as it takes previous SCSC experiences and applies them to a different cultural setting. It also has a heavier pre-training workload to help facilitate working in an international setting.

WORSHIP LEADING: Projects will have an emphasis on developing gifts in worship leading through music in a church, within an association, or in a community setting. It is designed to help SDB churches by training worship leaders.

CHRISTIAN EDUCATION/COMMUNITY OUTREACH/EVANGELISM: There are many creative ways that churches are reaching out and witnessing to their communities. These include activities like serving in soup kitchens, street evangelism, fair booths, concerts in the park, backyard VBS, Christian camping, etc. Making connections in the community will be the primary focus of these projects.
